DETAILED ACTION

Claims 1, 6-11, 16-17, 19-20, and 23-30 are presented for reconsideration on the merits.

The amendment and extension of time as well as substitute specification and abstract filed October 9, 2003, have been received and entered.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

Claims 1, 6-11, 16-17, 19-20 and 23-30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 lacks antecedent basis for the recitation of "to wasps" in step iv . It is suggested to insert --said--before "wasps". Claim 10 lacks antecedent basis for the recitation of "wasps" at line 2 and --said--should also be inserted before "wasps". Claim 19 is rendered vague and indefinite for the usage of "comprising" in a Markush group sense it is unclear how many other flies may be controlled by the system. The metes and bounds of the claims can not be determined. It is suggested to change "comprising" to --consisting of--. Claims 7-8 lack antecedent basis for the recitation of "the horn fly activity area" and should be changed to --the target horn fly activity area--. Claims 23-30 lack antecedent basis for "wasps" at line 2, and should be remedied as discussed above.

The claims are free of the cited prior art.
